Conference Call/Meeting: **NA**

This Accessible Letter provides information for CLECs that are interested in providing Remote Call Forwarding (RCF) Service to CLEC end-users that are provided their local service under a UNE-P arrangement. Specifically, the new amendment being offered will allow a UNE-P CLEC to provide a resale-based RCF service when: 1) converting an end-user's local service to UNE-P, while at the same time converting that end-user's existing RCF service arrangement to a resale-based version of RCF service ("UNE-P existing RCF Conversion"); 2) adding a resale-based version of the RCF service to an end-user that is currently served by that CLEC via a UNE-P arrangement ("Add Resale-based RCF to existing UNE-P"). Additional information, including a Job Aid with ordering information, can be found on CLEC Online (This document is currently located at: <https://clec.sbc.com/clec/hb/shell.cfm?section=1716>)

Prerequisites to Ordering

To order this offering, the CLEC has to be established in the SBC Midwest Region 5-State ILEC's ordering and billing systems as a Resale CLEC for each state it wishes to request RCF service. The CLEC will be the carrier of record (i.e. "owner") for both the end-user's resale-based RCF service and the UNE-P.

The CLEC will be required to amend its current interconnection agreement with the “Remote Call Forwarding (RCF) Service for UNE-P via the Resale Environment” Amendment. That amendment sets forth terms and conditions applicable to this offering, including specific pricing, rate applications and billing matters.

SBC Midwest Region 5-State reserves their rights to make any modifications to or to cancel the above information. Should any modifications be made to the information, these modifications will be reflected in a subsequent letter. SBC Midwest Region 5-State will incur no liability to the CLECs if such information is modified by SBC Midwest Region 5-State.
